

Call 11 Mill and Overlay approximately 3 miles of US 11 from Dunns Falls Road to Arundel Road, known as State Project No. MP-5011-38(007) / 303919301 in Lauderdale County.

Q1. Will erosion control measures, such as silt fence, be required to be placed along the slope of the shoulders in the areas of the project that have standing waters that extend to the toe of the shoulder slope?

A1. No. Erosion control measures will not be required for areas of trench widening.
